#### *The Salutatorian*

**\$250**

Receive a gallery full of edited portraits online after our 2-location session. Order any products you choose with a \$10 print credit, and receive 5 of your edited photos on a CD with copy release! Want the best of both print and digital worlds? Then take a look at my senior packages!

### {HoW iT wOrKs}

Your senior portraits should be all about YOU and convey your personality! Clothing is part of your personality, therefore you should choose as many clothing options as you would like, and bring any props or memorabilia that have special meaning to you and your high school endeavors! Places that are important to you help convey who you are. You will select the locations for your session, or I can help find locations that fit what you are looking for. Your gallery online will include 50+ of your edited portraits. Come with unique posing ideas that are planned out or let me direct the show. Either way all you have to do is come ready to smile, laugh and enjoy this life milestone. No matter how the day is approached, where the locations are, clothing choices, and props know that your session will be laid back and fun; the way all photography sessions should be! Together we will create images that captivate YOU! What are you waiting for? Contact me today and let's get your session date(s) booked!
